COPENLAMP®
iluminación

Copenlamp, siguiendo en su continuo desarrollo y evolución, lanza al mercado una línea CONTEMPORÁNEA de nuevos productos los cuales están fabricados de forma artesanal y adaptados a la tecnología LED. Estos productos, junto con los incluidos en este catálogo en la línea CONTRACT, están perfectamente diseñados y adaptados a las decoraciones e interiores del hábitat actual.

Copenlamp, following its constant development and evolution, has launch onto the market a new CONTEMPORARY line of products which are manufactured following handmade techniques and adapted to the LED Technology. These products, and the ones included in this catalogue in the CONTRACT line, are perfectly designed and adapted to the decorations and indoor areas of the current habitat.
